

Photography and Digital Imaging Workshops

Fashion Photography and Post-Production

This is a two part studio lighting and post-production workshop conducted by Mick Connolly, Dr Zen Loy and Johan Westen.

The first session covers a fashion photoshoot with models followed by a second session on post-production using Adobe Photoshop Lightroom.

| | | | |
|--|------------------|----------|----------|
| FP1: Fashion Photography | Sat 19 July 2008 | 10am-1pm | \$198.00 |
| PP1: Lightroom Post-production | Sat 2 Aug 2008 | 10am-1pm | \$ 98.00 |
| FP1 + PP1 | | | \$268.00 |
| @ : Art Studio #2, Workshop Arts Centre, 33 Laurel Street, Willoughby, NSW | | | |

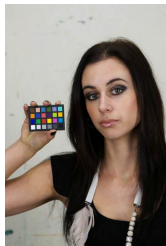

On completion of this hands-on workshop, you will have created new additions to your portfolio or body of work. Suitable for beginners to advanced photographers. You can choose to attend either session or the complete workshop. Cost for attending both sessions is \$268.00.

FP1: Fashion Photography with Agency Models

This is a fashion photoshoot working with models and industry recognized hair and makeup artists. You will be shown how to direct, light and photograph agency represented fashion models. Areas covered include: pre-shoot briefing session, camera RAW and white balance, photoshoot of models – direction, posing, use of lighting, photography techniques.

PP1: Photoshop Lightroom for Post-Production

Following on from the photoshoot session, learn how to use Adobe's Photoshop Lightroom for post-production – importing and managing digital images; editing and enhancing for white balance, exposure, color and tones; creating black & white and sepia images; and exporting the finished digital photos. Bring your images on a USB Flash Drive from the FP1 session. You can also bring your own laptop/notebook computer (with Lightroom v1.4 or v2beta trial installed) to follow the demonstration.
